Changes to train travel for Metro Senior and Disabled pass holders in West Yorkshire from January 2012

The following changes do not affect holders of Metro-issued Blind Persons ENCS passes.

From Monday 02 January 2012 the 50p off-peak flat train fare for Metro issued English National Concessionary Scheme (ENCS) Senior and Disabled pass holders will increase to half-fare.

For all train journeys wholly within West Yorkshire, the following will apply to Metro-issued ENCS Senior and Disabled (including companions) passes:

- » For all train travel undertaken on trains **departing before 0929 on Mondays to Fridays** pass holders continue to pay the full adult fare on trains.
- » For all train travel undertaken on trains **departing after 0930 on Mondays to Fridays and all day Saturdays, Sundays and public Holidays** pass holders will:
 - » For a single journey **pay approximately half the adult single anytime fare.**
 - » For a return journey **pay approximately half the adult off-peak return fare.**

There is **no further discount** on the half-fare if a Senior or Disabled National RailCard is held.

If making many rail journeys on the same day, Metro-issued ENCS Senior and Disabled pass holders may find it better value to purchase a **Concessionary Train DayRover at £3.10** (price as of 02 January 2012). This is available after 0930 Monday to Friday and all day Saturdays, Sundays and public holidays.

Using your Metro ENCS pass for Cross Boundary Train Travel

The discount of 35% on the adult fare for Metro-issued ENCS pass holders travelling between West Yorkshire and South Yorkshire station on Northern services remains.

There are **no other cross-boundary** travel discounts available for Metro-issued ENCS pass holders.

Other authority-issued ENCS pass holders travelling in West Yorkshire

Holders of ENCS passes issued by other authorities are not entitled to any reduced rate train travel in West Yorkshire.

Please remember that at stations that have a ticket office or a ticket machine you must buy your concessionary train ticket **before boarding the train.**

If you do not purchase your ticket before boarding, you will only be able to purchase **undiscounted full fare** adult single and return tickets.

This does not apply at stations if the ticket office is closed or there is no ticket office or machine.
